

Introducing: The best classroom
communication app...

ClassDojo

What makes a ClassDojo classroom amazing?

- Students love the positive culture
- Easy to encourage any skill or classroom value
- Parents are kept in the loop, celebrating important moments from class and helping out at home

Encourage students with positive feedback

- Award students feedback for skills like “Working hard” or “Helping others”
- Skills are fully customizable
- Students love being recognized for their hard work :)

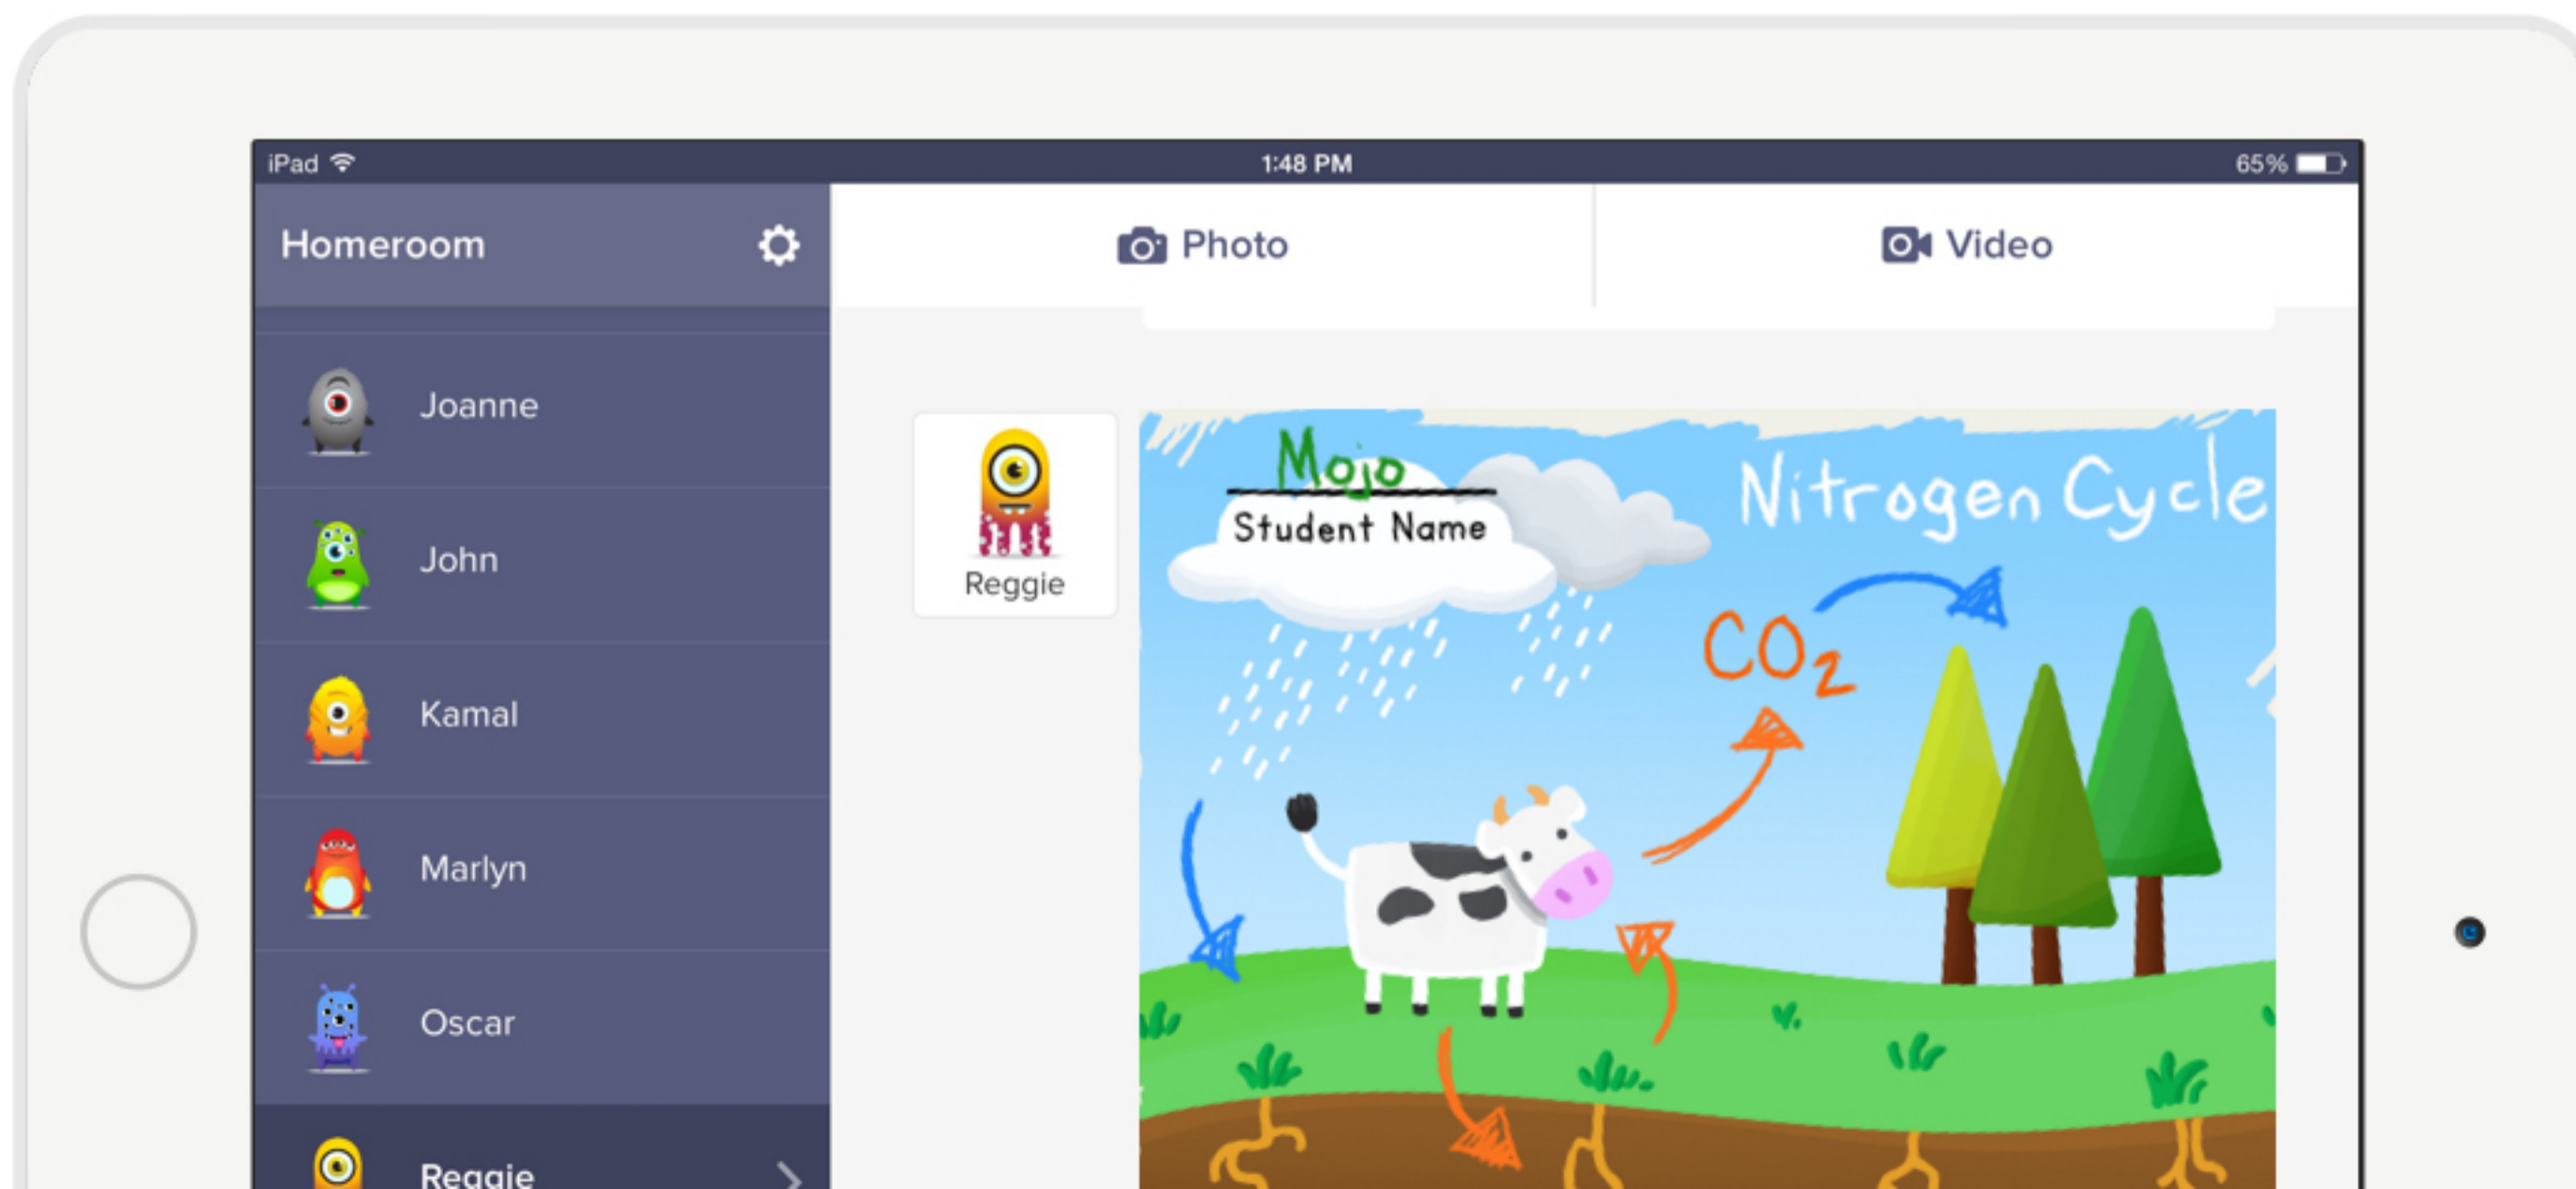

Share your classroom story with parents

- Share photos, videos, and updates to all parents using Class Story
- Post important moments like presentations, field trips, or students working together on projects
- Send private messages to parents, and know they've been seen with Read Receipts

Each student gets their own story, too!

- Every students gets a portfolio to showcase their classroom work
- Students can add photos and videos of their work using a shared classroom iPad - no passwords required!
